

TERRIFIC EXPLOSION.

Awful Work of Fire Demon In a Big Chemical Establishment.

ALL LOWER NEW YORK WAS SHOCKED

Catastrophe Occurred During Monday Hour—Conflagration Followed. Loss of Life Appalling and Many More Were Injured.

New York, Oct. 29.—One of the most destructive explosions in the history of this city occurred a little after noon Monday in the building occupied by Tarrant & Co., wholesale druggists at Greenwich and Warren streets. The force of the explosion wrecked adjoining buildings and the Irving bank across the street. The station of the Ninth Avenue Elevated railway company at Warren street was badly damaged and the road was blocked so that it was impossible to resume traffic for some hours. The police report that a number of people lost their lives in the explosion, but up to 2:30 o'clock no dead bodies had been recovered from the ruined buildings and it was impossible at that time to make anything like an accurate estimate of number of lives lost. A great many injured were taken to the hospitals.

The building was on fire about five minutes before the first explosion and there were a number of firemen near it with the walls blew out and it is feared that some of these were killed. Policeman Galvin was in the immediate vicinity of the fire when the first series of explosions occurred. He said that a number of firemen were blown to death on the Warren street side of the building. He said he rescued one of them but that no living man could rescue the others. Policeman Galvin said that in his belief not less than 200 persons will be found to have lost their lives. This was on account of the suddenness of the explosion which rendered it impossible for anybody who was in the building at the time to escape.

In a restaurant next door to the drug store there were about 200 people eating their luncheon. Of these many were injured and it is reported that a score or more of them lost their lives.

The force of the explosion was heard and felt clear down to Wall street and heavy plate glass windows were smashed and people thrown to the street a distance of four blocks.

Employees of the Irving national bank, which stands directly across the street from Tarrant's place, were busily engaged at their desks at the time of the explosion. Not a clerk or official of the bank but was thrown to the floor by the force of the concussion of the first explosion. Thinking the building was about to fall several officials of the bank ran for the cash and had it taken out of the building to a place of safety. The clerks and other employees made their way to the sidewalk and ran for places of safety.

Disaster Spreads.

A lithographing establishment close to Tarrant's place caught fire and the flames spread to the Irving bank and to two buildings across the street.

At the Warren street station of the Ninth Avenue Elevated road a number of persons were waiting for a train. They were thrown to the street and received serious injury. Several women escaped from the station by walking along the platform at the edge of the track. A number of buildings at the rear of the drug store were razed. The flames spread very rapidly until the two blocks from Chambers to Warren and from Washington to Greenwich streets were soon afire. A third and a fourth alarm and a general call for ambulances were sent in. The engines and ambulances were blocked by the immense crowds which gathered by the thousands.

The crowds became so great that the police were for a time powerless to keep them in order. Several lines were established but people appeared to be so beside themselves that they broke through and swamped the police. All the available reserves from neighboring station houses were called out and even then the crowds appeared for a time to get the better of them. Reserves were then ordered from half a dozen or more stations.

Every available physician and ambulance surgeon who could be reached was called into service and the various stores which were not damaged by the explosions were turned into temporary hospitals for the care of the wounded. The streets for several blocks were strewn with broken glass and other debris, and blood was spattered in every direction, showing that there must have been many persons in the vicinity at the time who were injured by falling glass.

COAST DEFENSE.

General Wilson's Report on Fortifications—Rover Improvements.

Washington, Oct. 29.—Coast defense is the subject considered in the annual report of General J. M. Wilson, chief of engineers. Up to the present, 30 localities have been selected for defense on the coast. Attention is given to the subject of coast defenses for Porto Rico and the Hawaiian islands and General Wilson says active measures for their defense should be deferred no longer. A detailed project for the defense of the harbor of San Juan de Porto Rico, involves an estimated expenditure of \$1,800,000. Preliminary projects for Pearl harbor and Honolulu are also already available and ready for execution as soon as congress shall appropriate the funds. Twenty-five of the principal harbors of the United States have a sufficient number of heavy guns and mortars in place for defense against naval attack. Existing projects contemplate the mounting of about 480 guns for sea-coast defense, of 850 rapid firing guns and about 900 mortars, at an approximate total cost of \$50,000,000. Attention is invited to the urgent need for an increase of the artillery arm of the service which is now too small to take care of the costly and complex defense works. The second section of the report treats of the river and harbor improvements of the country for which estimates for the fiscal year ending 1902, aggregating \$20,000,000 are submitted, to which are added \$200,000 for surveys and contingencies, \$3,800,000 for the Mississippi river commission, \$1,040,000 under the Missouri river commission, \$15,000 under the California debris commission, and \$72,800 to prevent deposits in New York harbor. The expenditures for the year ending 1900 were \$18,485,298. Included in the estimates for river and harbor works next year are: Cumberland river, Tennessee and Kentucky, below Nashville, \$600,000; Cumberland river, above Nashville, \$600,000; Tennessee river, above Chattanooga, \$500,000; Tennessee river, below Chattanooga, \$600,000; Ohio river, \$400,000; movable dams, Ohio river, \$525,000; locks and dams, Allegheny river, Pennsylvania, \$244,000; Big Sandy river, West Virginia, \$211,000; Kentucky river, Kentucky, \$150,000; the falls of the Ohio river at Louisville, \$41,000; Calumet river, Illinois and Indiana, \$30,000; Illinois and Mississippi canal, \$1,000,000; Michigan City harbor, Indiana, \$48,000; Toledo harbor, Ohio, \$250,000; Sandusky harbor, Ohio, \$125,000; Huron harbor, Ohio, \$50,000; Black river harbor, Ohio, \$150,000; Cleveland harbor, Ohio, \$160,000; Fairport river, Ohio, \$210,000; Ashtabula harbor, \$210,000; Conneaut harbor, Ohio, \$210,000.

Thanksgiving Proclamation.

Washington, Oct. 29.—President McKinley's Thanksgiving day proclamation appoints Thursday, Nov. 29 for the annual feast of thanksgiving. The proclamation says: "It has pleased Almighty God to bring our nation in safety and honor through another year. The works of religion and charity have everywhere been manifest. Our country through all its extent has been blessed with abundant harvests. Labor and great industries of the people have prospered beyond all precedent. Our commerce has spread over the world. Our power and influence in the cause of freedom and enlightenment have extended over distant seas and lands. The lives of our official representatives and many of our people in China have been marvelously preserved. We have been generally exempt from pestilence and other great calamities, and even the tragic visitation which overwhelmed the city of Galveston made evident the sentiments of sympathy and Christian charity by virtue of which we are a united people." Then follows the formal designation of the day.

CLOSING WEEK BEGUN.

Political Activities Will Be Intense Till Election Day.

BRYAN BREAKS SPEAKING RECORD.

Opened the Week With Thirty Speeches in New York—When Campaign Closes Roosevelt's Record Will Be Second to Bryan.

Bainbridge, N. Y., Oct. 29.—Mr. Bryan began the first day of the last week of his campaign with a brief speech at this place. His train had been run from New York to Bainbridge via Albany during the night and brought up here at 7 o'clock. Notwithstanding the early hour, there was a throng of people at the railroad station and Mr. Bryan was compelled to respond to calls. He had not yet arisen, but he dressed promptly and went to the rear platform of the "Rambler," where he was soon joined by Mrs. Bryan, who will remain with him during the week. There were loud cheers both for Mr. Bryan and his wife and a general demand for a handshake, which was acceded to by both. The resident population had been reinforced by train loads of people from other places. Mr. Bryan started the day with a schedule of 30 speeches before him, but he announced at the breakfast table that he was never in better condition for the campaign and said he wanted to make all the speeches, so as to break his own record, the highest number which he had hitherto made in one day being 27. This point developed a new orator in the party in the person of James C. Dahman, the Nebraska national committeeman. While the crowd was waiting at the depot for Mr. Bryan and clamoring for his appearance Mr. Dahman stepped out on the rear platform to explain the situation. Then he made a speech telling the people that he had been with Mr. Bryan from the beginning of the campaign and he was sure there would be a landslide in his favor. There are gains everywhere, he said, even in Canton, the president's own home, where there is a Democratic club of between 400 and 500 members, and he concluded Canton is only a sample of what is going on.

In his remarks here Mr. Bryan said: "I extended the time of my stay in New York in order to come up into this part of the state. I am glad to talk to farmers for it seems to me that if the people of this country who are working on the farm, who are making their living out of the soil, will examine public questions, very few farmers will be able to give a reason for voting the Republican ticket. In fact the Republicans have now admitted that the cities are lost. They started out with the full dinner pail as an argument. They started out with the assertion that the country was prosperous and that therefore everybody would vote the Republican ticket, and yet today the Republicans are not mentioning the full dinner pail any more." Proceeding, Mr. Bryan said the Republicans had abandoned the idea of carrying the cities and are now appealing to the farmers.

ROOSEVELT'S RALLIES.

Will Have a Record Second to Bryan When Campaign Closes.

Binghamton, N. Y., Oct. 29.—Governor Roosevelt started his last week of campaigning at this place at 10 a. m. The governor is in excellent health, having enjoyed the quiet of Sunday and the relief from speaking. His throat was in good condition, considering that he has made 600 speeches since he started through the country. He has not lost flesh with his travel of 19,200 miles, but in fact, has gained. The trip for the day was arranged to include a few number of speeches than for any day of the state tour, only three stops being scheduled, one at Cortland, where the train stopped an hour, one at Ithaca, where three hours were spent and the final stop for the night at Elmira.

When Governor Roosevelt finishes his trip Saturday he will have made 650 speeches and traveled over 20,000 miles, a record equal to the combined record of all other candidates for national offices in the past 50 years, excepting Mr. Bryan.

Illegal Registration Charged.

Chicago, Oct. 29.—Warrants charging more than 600 men with registering illegally are to be served, according to officials of the Democratic county committee. It is said some very prominent Republican politicians are among those to be taken into custody.

ESCAPE FROM PRIS N.

One Daredevil Dashed to Death, the Other to Liberty.

New York, Oct. 29.—Two colored prisoners made a desperate attempt to escape from the Seventh district prison and one succeeded. Keeper Hugh McGovern, 51 years old, was murdered; Frank Emerson, 22 years old, under \$3,000 bail for burglary, one of the escaping prisoners fell from the second floor window and was killed; George Wilson, 59 years, a trusty prisoner who assisted McGovern, fell from the second floor and was dangerously hurt; Arthur Flanagan, 19 years old, under \$3,000 bail for burglary escaped. The prisoners had sawed the prison bars. The young men were on the second tier of the prison. With strips of bedding they made a rope and Flanagan was the first man down.

McGovern discovered the escape and shouted: "Halt." Emerson jumped at McGovern and shot him. He staggered back and without another outcry dropped to the floor dead. Then the two burglars again ran for the window. Flanagan succeeded in swinging to the roof of the car stable adjoining, but Emerson did not make it and fell headlong to a pile of rails and was killed.

AFFAIRE D'HONNEUR.

Former Premier of Spain Challenges A Political Enemy.

Madrid, Oct. 29.—Don Manuel Silveira has challenged Count DeLas Almenas to a duel. The challenge was issued immediately after Senor Silveira resigned as premier. There is a long standing grudge between the men. Senor Silveira at the conclusion of the American-Spanish war made a virulent attack on General Weyler and other leaders. In this attack he had the sympathy of the people of Spain.

About a year ago Senor Almenas arose in the senate and made an attack on Premier Silveira that set Spain by the ears. He wound up by accusing the premier and General Polovieja of plotting to overthrow the king and seize the government and declared it was Silveira's intention to have himself made president of a proposed new Spanish republic.

Another Chance For Dreyer.

Chicago, Oct. 29.—Former banker E. S. Dreyer, under conviction for withholding \$321,000 from his successor as treasurer of the West Park board has been given another chance for his liberty. Judge Waterman granted defense leave to prepare a revised bill of exceptions setting forth that the bailiff in charge of the jury which convicted the banker had not been sworn before taking charge of the 12 men.

Flood at Lacrosse.

Lacrosse, Wis., Oct. 29.—Traffic on the various roads entering Lacrosse, which was suspended all day Sunday, has been resumed and all trains are running. The storm was the worst that has occurred since the flood of two years ago, when not a train entered the city for a week. It is believed the damage will reach \$100,000.

Two Tragedies.

Dallas, Tex., Oct. 29.—News was received here of the killing of George M. Lloyd, a rich man from Corsicana, Tex., in a mine in Mexico. The only detail known is that he was killed by a Mexican. John Burleson, a white man, was shot and killed at Israel Josh Coleman, a negro, is in jail charged with the crime.

Conflict With Carlists.

MEN RETURN TO WORK.

Operations Resumed at a Majority Of the Collieries.

STRIKE STILL ON AT SOME MINES.

Minor Differences Between Miners And Operators That Remain to Be Straightened Out—Believed All Will Be Settled Soon.

Hazleton, Pa., Oct. 29.—Operations were resumed Monday morning at a majority of the collieries of the Hazleton district and they will be continued in full blast for the next two months.

The strike is still on at the mines of the Lehigh and Wilkesbarre Coal company located at Audenried, Honeybrook and Green Mountain. One of the officials of the company said the company had informed the men it would abolish the sliding scale and agree to pay the 10 per cent increase until April 1, and they did not know why they refused to report. The mine workers claim that they want a written guarantee in this respect.

The Oneida and Derringer collieries of Coxe Brothers and company are also idle because of some misunderstanding on account of the notices posted by the company. All hands will probably be at work Tuesday. The other colliery that did not resume is at Minesville, where no demands have been granted at all. Before the strike began, this company threatened to abandon this mine and it seems that the threat will be carried out.

About 100 strikers found themselves out of work of the Lattimer colliery of C. Pardee & Co. Of these men, the firm claims, 25 got their settlement in full when they quit and were no longer considered employees, so their places were filled by others. The other 75 were sent home because of the abandoning of the Buck Mountain vein by the firm.

The 50 men employed at Tyler and McTurks' Stockton washery refused to work because, they allege, they were offered only a five per cent increase in wages, instead of 10, which they had expected.

A. Pardee & Co. having filled the places of six "lokie" runners, the miners refused to go back to work at Cranberry until their runners were reinstated and in consequence the colliery is idle. General Superintendent Pardee received a committee of the men and has the matter of reinstatement under consideration.

In Lackawanna Valley.

Seranton, Pa., Oct. 29.—Over 5,000 mine employees in the Lackawanna valley refused to return to work because the companies failed to comply with the terms of the Scranton convention. The companies affected are the Ontario and Western railroad company's 10 mines employing 4,000 men; the Forest Mining company at Archibald, employing 600 men who have been on strike since last July; Green Ridge Coal company employing 400 and the Clark Tunnel Coal company employing 100. At all the other mines there was a complete resumption. The Ontario and Western company's employees held a mass meeting at Peikela in the afternoon at which they insisted upon the company putting up a supplemental notice conforming with the notice posted by the Lackawanna, the Delaware and Hudson and the Pennsylvania companies.

At Shamokin Mines.

Shamokin, Pa., Oct. 29.—When the colliery whistles blew Monday morning, 15,000 men and boys between this place and Mount Carmel, reported for work. The only collieries idle are Henry Clay, Excelsior and Corbin. They will be in operation soon.

Frightful Catastrophe.

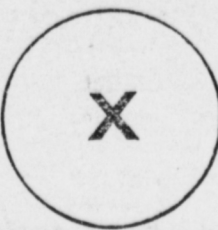

Helena, Mont., Oct. 29.—The east-bound Northern Pacific passenger train was wrecked eight miles from Livingston, Mont., about midnight by a broken rail. Seven persons were killed and 21 wounded. About 500 people are affected.

DEMOCRATIC PARTY.
 This is the way to vote the
 Straight Democratic
 Ticket.

The weather—
 Rain in northwest,
 fair in southeast portion
 to-day. Wednesday fair.

DEMOCRATS, "united we stand, divided we fall."

To vote the Democratic ticket, stamp inside the big circle under the rooster.

The conviction of Yontsey won't add any feathers to Mr. Yerkes' cap, we imagine.

One reason Taylor doesn't raise his voice any louder in the present campaign, is because he raised it for Goebel's assassination last winter.

"It isn't the way men talk, but the way they vote, that carries elections," remarks the Public Ledger. We presume that applies to the editor of the Ledger as well as to other people.

The American Methodist Episcopal Conference of Tennessee, Bishop Tanner, of Columbus, O., presiding, Saturday voted down a resolution endorsing the McKinley administration's gold standard and foreign policy.

If the Declaration of Independence is true, and governments derive their just powers from the consent of the governed, then I want to ask how can you buy the right to govern people, or secure title to them by force?—W. J. Bryan.

The election of Gov. Beckham should be a matter of primary importance with all Kentucky Democrats, and any calling themselves by this time-honored name will make a great mistake should they cast their votes for his opponent.

It's hard to reconcile with common sense, but some, calling themselves Democrats, who object to a party candidate or a plank in the platform, will bolt the ticket and swallow at one gulp that of their former adversaries, the Republicans.

THE BULLETIN has heard of one Maysville Republican who has gone to Democrats and offered to vote for Bryan if they would vote for Yerkes. No Democrat will be caught by just promises. No Democrat will do any trading, but will vote the straight ticket, for Bryan, Beckham and Kehoe.

HON. J. N. KEHOE won the nomination for Congress by acclamation. The convention at Catlettsburg selected him as Democratic standard bearer with a unanimity seldom witnessed in party council. He stands as the choice of his party, and as such he is entitled to and will receive the enthusiastic support of every true Democrat in the district.

RECENTLY Mr. Pugh had a woman turned out of a post office in this county and gave the place to a man who has heretofore voted the Democratic ticket. Now will Mr. Pugh please explain why he did this? The good people of the neighborhood are unanimous in their opinion of such tactics, and they will express their opinion in no uncertain way on Nov. 6 h.

In his letter of acceptance Mr. McKinley quoted a part of the secret instructions given him by to the United States Commissioners whom he sent to Paris to negotiate the treaty of peace—the part which he used being favorable to the position of his party in the present campaign. On the 5th day of October Senator Jones addressed to the President a note asking that the remainder of the document should be made public. Nearly a month has passed without any reply. Probably Mr. McKinley hasn't yet obtained President Hanna's consent.

WARNING.

"It will be well," as the Ledger says, "for some people in Maysville and some people in Mason County to keep in mind the following provision of the amended law under which the coming election will be held—

Sec. 15. Any person or persons who shall attempt to prevent, or prevent any voter from casting his ballot, or shall attempt to, or intimidate, any person or voter so as to prevent him from casting his ballot, or who shall unlawfully interfere with the officers of election in the discharge of their duties as such, shall be deemed guilty of a felony, and, upon conviction, be confined in the penitentiary for a period of years, of not less than one nor more than five years for each offense. The fact that the person or persons so offending may be an officer or officers of the Federal Government, or of the State, or any district, county, town or city thereof, or of election, shall not relieve them of the responsibility for the violation of this section.

We presume the Ledger's warning is intended for the U. S. Deputy Marshals the lovers of "civil liberty" propose to have in Mason County and other counties of the Ninth district. The ward workers who have been buying the colored voters for the Republicans should also be upon their guard, as they will be spotted and arrested whenever and wherever they are caught in their nefarious trade. The fact that they are Republicans won't excuse them when they are landed in Judge Evans' court at Louisville. They should be warned by the fate of that Middleborough Republican, whom Judge Evans recently fined \$1,000 and sent to prison for bribing voters.

"MORE TROOPS, MORE TAXES MORE WAR."

Professor W. S. Curtis, Dean of the St. Louis Law School, and who four years ago was an ardent supporter of McKinley, has come out strong for Bryan. He says: "I feel obliged to cast my vote according as the tendencies of the two parties seem to be shown in their platforms and in the use made of political power by the present Republican administration. I feel that the McKinley administration has embarked the nation upon a wholly bad course, and that its party is irrevocably committed to continue in it. Its wickedness is summed up in the word 'imperialism,' and it is silly to try to pretend there is no such issue. I do not need to defend it. I am glad that the Democratic platform says it is the paramount issue. It certainly ought to be. The administration gets credit for withdrawing our troops from China, and we are now enjoying ante-election calm, as far as that question is concerned. If Mr. McKinley is elected we shall learn something more of what is 'our destiny' in that quarter. Who would whisper it could not now exactly be told, but the meaning would be more troops, more taxes, more war. The very prominence given to Mr. Roosevelt, both as a candidate and a campaign speaker, shows the tendency of his party. It is time to call a halt, and I am glad to have a chance to vote with one of the great national parties on that question."

REPUBLICANS have men traveling along the route of the proposed railroad from Brooksville to Johnson Junction telling the people that the road will not be built unless McKinley is elected. And yet it was given out weeks ago that the road was already under contract. We mention this incident to show to what despicable tactics the Republicans are resorting to coerce the people into voting for the G. O. P. Their work in this county, as just detailed, is on a par with that of President Cowen, of the B. and O. railroad, who last week notified the employees of his road that unless McKinley is elected large orders for rolling stock would be cancelled. The B. and O. employees are indignant that any one should try to influence their vote by such mean and despicable tactics, and they are letting Mr. Cowen know that they will vote as they please. A party that resorts to such methods has become so degraded that it does not deserve the votes of any free and honest citizen.

THE conviction of Henry E. Youtsey for the murder of Goebel, at Georgetown, Ky., is a flagrant outrage upon justice and humanity. It is bad enough to try a man for his life before a partisan Judge and jury, and under conditions where it is next to impossible to accord him common fairness, but it is brutal and inhuman to recklessly "railroad" his case through while the defendant is on a sick bed and half, if not wholly, insane from illness and nervous prostration. Such a proceeding is a blot upon the Commonwealth of Kentucky and a disgrace to American institutions.—Birmingham (Ala.) News, (Democratic.)

The Democrat evidently hasn't heard of Youtsey's remarkable recovery as soon as the trial ended. Instead of being crazy or sick he was simply playing crazy, his actions being strong proof of his guilt.

Mr. Samuel T. Dobyns, one of Covington's highly esteemed and honored citizens, died Sunday afternoon of paralysis, aged seventy-three years. A widow and two daughters, Mrs. Sydnor Hall and Mrs. Douglas Thomas, survive him.

J. W. Henson was exonerated from tax on \$1,540, a double assessment on land.

The L. and N.'s earnings the third week of October show a decrease of \$3,425.

Mr. Rufus Simons of the Sixth ward is able to be out after an illness of several weeks.

Mr. Rees M. Wallingford remains ill with typhoid fever at his home on Carmel street.

The Illinois Steel Company Saturday shut down its converting and billet mill for an indefinite period, throwing 1,000 men out of employment. It is not known how long the suspension will last. The company's rod mills have been idle for some time. More McKinley prosperity.

The Kentucky Grand Lodge, Knights of Pythias, closed its annual session Thursday. Just before adjournment an appropriation of \$300 was made for the benefit of families of Knights who lost their lives in the Texas floods. The next session of the body will be held at Owensboro a year hence.

Mt. Olivet Advance: "Judge C. D. Newell, of Maysville, spoke to a fair sized audience at the court house, in the interest of the Democratic ticket. He touched on State and national issues, but devoted most of his speech to the situation in the Congressional race. Judge Newell is a fine speaker, and all who heard him were well pleased with his speech."

If you enjoy a minstrel show don't fail to go to the opera house to-morrow night and see Harry Ward's Magnificent Minstrels. The Paris Exposition has done much toward effecting "Frenchy" changes in woman's dress this year. The corsets have felt it particularly and to-day we call attention to something new, something so chic you would easily believe it's direct from a swell Parisian shop. "Erect Form" Corsets made by the "P. N." people in three grades—\$1—\$1.25—\$1.50—built after the prevailing fashion with straight fronts and drop backs to give a fine, erect, military carriage. We would like to show you these Corsets and explain their merits.

THE "ULTRA" SHOE

Is the No Plus Ultra of Shoe building. It is the result of the combination of the highest skill and the finest materials. It is made perfect to the finish. Some Shoes start fairly well, like a speech, and end indifferently, like some speeches. But the "ULTRA" Shoe is watched in every process of its building by experts who act under the strictest orders to secure perfection to the finish. Not a few of the lasts and materials of the "ULTRA":

- Royal Opera last, Heyl's Patent Calf.
- Fifth Avenue last, military heel of chrome kid.
- French Model last, Paris shape, of glazed kid.
- Model last, military heel, of chrome kid.
- Derby last, of mat kid and ultra calf.

There are many others. These will serve to show some of the right styles and leathers. We are exhibiting the finest lines of LADIES' CORRECT DRESS FOOTWEAR ever seen in Maysville. Then why go to foreign markets for your Shoes, pay more for them and not get as good as we offer you AT HOME?

A TRYING POSITION.

Maysville Readers Will Appreciate This
Advice.

A constant itching tries your patience.
Nothing so annoying. Nothing so ir-
ritating

As itching piles or eczema.
To scratch the irritation makes it
worse.

To leave it alone makes misery.

Some citizens can tell you how to be
free from these troubles. Read the fol-
lowing:

Mrs. Nannie Hunter, of 446 Forest
ave., says: "Doan's Ointment, which I
procured at J. Jas. Wood & Son's drug

its marvelous curative powers were
known to every one who needs a cure
for the troubles for which the use of
Doan's Ointment is indicated."

The Cincinnati Tobacco Warehouse Company,
in its circular for the week, has the following:

"The market showed little or no change in
the request or demand, the activity in the bid-
ding still being centered in the better grades of
leaf, lugs and trash. The strong undertone
noticed last week was still apparent, and on strictly
fine grades cropped out in higher prices, fine
bright lugs selling as high as \$19.25 and fine
trash as high as \$12.25. Good to fine filler leaf,
showing uniformity in the packing, sold readily
at from \$12 to \$17. The medium to good fillers,
showing clean and uniform samples, met an ac-
tive, firm market and sold at about the same
range of prices current last week. The medium
to good grades of trashes and lugs met an active
market, and while not bringing prices quite up
to the expectations of the seller, were rather
more prominent in the general demand. Funked
and nondescript sorts are not as active in de-
mand as heretofore. Clean red tips were in good
request; those showing green, dark or brown
leaves in the sample were hardly as active. As
a rule the manufacturer prefers his tobacco
straight, one thing or the other, mixed packing
is therefore a great mistake.

"The general description of the week's market
is: The good grades in their class are in de-
mand and prices for them are hardening. The
commoner sorts are not gaining any in demand
nor appreciative value. The consumptive and
speculative demand seems for the most part to
be for the better sorts.

"Twelve hbds. of the new crop sold by us this
week averaged \$5.00.

Woman's Horror

Modest women dread to consult a doctor about
diseases peculiar to their sex. They have a horror of
private examinations and surgical operations. For
this reason treatment of dangerous derangements is
neglected. But the Wine of Cardui treatment, which
can be adopted at home without the knowledge of any
one but the patient herself, is now coming into general
use. Women who take Wine of Cardui do not have to
submit to a physician's local examination nor to a
surgical operation. Wine of Cardui cures in the privacy
of the home. No publicity, no cutting and torture and
no physician or examination, while Wine of Cardui is
quietly building up and strengthening the female organs.
Menstruation is regulated, the drains of leucorrhoea
stopped and the fallen womb restored to its place. The
terrible pains which rack the body are but
results of the ailments, which yield so readily
to the soothing properties of Wine of Cardui.
The medicine that cured Miss Garlen will cer-
tainly help you.

Wine of Cardui

Rockford, Tenn., Aug. 16, 1899.
I have suffered from womb trouble
for five years. Last spring a year
ago I was bedfast for six months. I
paid \$52 to one doctor, and he said he
had done all he could for me. I had
about given up, but called another doctor
who said I would have to have surgical
treatment. I decided I might as well die a
natural death as that. I happened to get
hold of a Ladies' Birthday Almanac, and decided to try your treatment. In
nine days after I commenced taking Wine of Cardui and Black-Draught I
could walk across my room, and in three weeks I made myself a dress. This
was after my neighbors, and even my brothers and sisters, said I would never
be any better. I am now in good health.
